

# CITY OF SAINT PETER HOT SHEET

All the City news you need to know and a little bit more!

City Info Line 507-934-0675 TDD #711

The City of Saint Peter is an equal opportunity provider.

The following information is a publication of the City of Saint Peter, City Administrator's Office, 934-0663, 227 South Front Street. Please contact us at [barbaral@saintpetermn.gov](mailto:barbaral@saintpetermn.gov) [www.facebook.com/cityofsaintpeter](http://www.facebook.com/cityofsaintpeter)

10/15/2014

**CITY COUNCIL ACTIONS** – Action taken by the City Council at the regular meeting of October 13, 2014 included approval of the preliminary and final plat for Washington Terrace Subdivision No. 2; approval of Registered Land Survey #67; and action to waive the City fire inspection fee for new home based day care businesses through 2015. The Council tabled action to adopt updated Library policies.

The next regular meeting of the City Council will be Monday, October 27th at 7:00 p.m. in the Governors' Room of the Community Center. For more information on City Council meetings, please contact the City Administrator's office at 934-0663. Copies of the Council packet are also available on the City's website at [www.saintpetermn.gov/city](http://www.saintpetermn.gov/city).

## **HALLOWEEN FUN RUN & WALK -**

On Saturday, October 25<sup>th</sup> the City of Saint Peter Recreation Department's Halloween Fun Run & Walk, presented by the Mankato Clinic and the Orthopedic & Fracture Clinic, will take center stage for its 11<sup>th</sup> year!

This event began in 2004 with 129 participants and grew to its largest crowd ever (1,469) last year. The number of participants and their incredible and creative costumes make the Halloween Fun Run & Walk unique compared to similar events. It is truly "Southern Minnesota's Largest and Fastest Parade of Costumes".

There will be many opportunities for everyone to have a great time at the Halloween Fun Run & Walk. Spookyville will feature live music, Halloween activity booths, face painting and more. And of course there is the 5K and Lil' Monster Dash

(for children ages 3-10) presented by Goodtimes MFG.

To see a map of the courses and available parking areas click on the Fun Run website at <http://stpeterfunrun.com/race-info/>.

The last day to register for the Halloween Fun Run & Walk is Friday, October 17<sup>th</sup>. Register online at [www.stpeterfunrun.com](http://www.stpeterfunrun.com) or stop by the Recreation Office at the Saint Peter Community Center (600 South Fifth Street).

**PARKS CLOSING SOON** - All of the City's parks facilities will close for the season on Thursday, October 30<sup>th</sup>. This includes closing and winterizing the bathrooms and drinking fountains. As part of this work the fountain (aerator) in the Mill Pond has already been removed.

This work is done to prevent damage to pipes and fixtures that occur when the weather is colder. The facilities are also closed before Halloween to prevent vandalism. Please note that closing of these facilities could occur sooner should the weather become much colder.

Should you have any questions about closing the parks facilities, please contact the Public Works Department at 934-0670.

**STAR GAZING PARTY** - Saint Peter residents are invited to join WCCO meteorologist Mike Lynch at 7 p.m. Friday, October 17<sup>th</sup> to learn about stargazing and astronomy.

Participants are asked to meet in the Senior Center (Room 217) in the Community Center prior to going outdoors to enjoy the stars. The event is free and open to the public.

**COMMUNITY CENTER ADVERTISING OPPORTUNITIES** – Looking for new ways to advertise your business? Why not check out the Community Center?

The City has opportunities for business to advertise on panels in the Community Center gym. Where hundreds of people gather each week to spend time in the gym or on the walking/running track. Activities in the gym include school volleyball and basketball practices and games for middle school and 9<sup>th</sup> grade teams; noon hour basketball; adult volleyball; open gym; fencing; senior exercise classes; Pickleball; Creative Play Place Fitness Days; special events; and much more including the upcoming General Election. In addition, the walking/running track attracts all ages throughout the day.

The gym contains 30 advertising panels and ten spaces are now available for rent.

Businesses will need to purchase and have a panel installed and then the yearly rent is only \$400.

For information on securing an advertising space, please contact Recreation Director Jane Timmerman at 507-934-0667 or by email at [jane@saintpetermn.gov](mailto:jane@saintpetermn.gov).

**TIRE, APPLIANCE AND ELECTRONICS COLLECTION-**

Has your garage become a depository for unwanted, broken, junk? The Tri-County Solid Waste Office is offering an opportunity for residents of Nicollet, Sibley and Le Sueur Counties to dispose of tires, appliances and electronics. (Proof of residence may be required.)

The collection will be held on Saturday, October 18<sup>th</sup> from 9:00 a.m. – 2:00 p.m. at the

Nicollet County Fairgrounds (400 West Union Street).

Disposal cost for appliances is \$8.00 each and the contractor retains the right to reject any and all appliances that do not conform to their state permit requirements.

Costs are:

- Car/truck tires - \$1.00 each;
- Semi-Small implement tires - \$5.00 each;
- Large implement tires – \$10.00 each.
- Electronics and TV's 19' and larger - \$10.00;
- Items smaller than a 19" TV - \$5.00;

- Computer hard drives - \$4.00

Electronics that will be accepted include TVs, computer equipment, stereo, VCR/CD/DVD players, copiers, cell phones, boom box, fax machines, etc.... For more information on this collection, please contact the Tri-County Solid Waste at 507-381-9196 or [www.co.sibley.mn.us](http://www.co.sibley.mn.us) – Tri-County Department.

**PUBLIC WORKS DIRECTOR RETIREMENT –** Long time City of Saint Peter Public Works Director Lewis Giesking has announced his retirement effective December 31, 2014. Giesking has led the City's Public Works Department since May of 1986 and has been instrumental in many projects including rebuilding the City's infrastructure following the 1998 tornado; undergrounding of the City's electrical system; construction of a direct bore interceptor sewer under the Minnesota River; flood recovery; park development; development of new water and wastewater treatment facilities; dozens of major road projects including the Highway 169 downtown median project and the Washington Avenue crosstown collector street; and so many more. In 2010, Giesking was deservingly named Public Works Director of the Year by the American Public Works Association in recognition of his service to the citizens of Saint Peter and his efforts to promote public works service. Giesking has also served as the City's representative to the Southern Minnesota Municipal Power Agency (SMMPA) serving on the Board and in a number of leadership roles including Treasurer, Vice President and President.

"Lew is not just Director of Public Works. He loves Saint Peter and it shows in so many of our projects, parks and programs. Lew has been such a tremendous asset to the City and to our friends and neighbors here in our community. His work will be a benefit to us for many, many years to come. He leaves a wonderful legacy of high standards and commitment to the future of our community and we wish him all the best in his retirement.", stated City Administrator Todd Prafke.

The City Council is expected to initiate a recruitment process to fill Giesking's position before the end of the year.

**COLD WEATHER RULE NOTICE -** The Minnesota Cold Weather Rule provides that from October 15th through April 15th, the City of Saint Peter, the utility provider for Saint Peter residents, cannot disconnect a residential utility customer for nonpayment if **all** of the following four requirements are met:

- 1) The account is current for the billing period immediately prior to October 15<sup>th</sup>.
- 2) The electric disconnection would affect the customer's primary heat source.
- 3) The customer's household income is less than 185% of the federal poverty level, as documented by the customer to the City.
- 4) The customer has filed a "declaration of inability to pay" form with the City.

For the cold weather period October 15<sup>th</sup> to April 15<sup>th</sup> of each year the City of Saint Peter will install a limiting meter rather than disconnect service for a customer whose account has become delinquent.

The limiting meter will only allow customers to run their furnace, refrigerator and one or two lights. Customer's whose service is limited must pay all past due amounts plus a reconnection charge of \$70.00 plus tax prior to reconnection. The charge for reconnection after 3:30 pm or when the Finance Department is otherwise closed is \$300 plus tax.

What should a customer do if they can't pay their utility bill? A customer with a delinquent account may request a payment arrangement. The payment arrangement will require the customer to pay the current bill each month and make payments on the unpaid portion on a payment schedule limited to six (6) months. If payment is not made on the date agreed to by the customer and the current utility bill is not paid by the fifteenth of each month, service will be immediately disconnected. During the cold weather period, a limiting meter will be installed.

Customers needing help paying utility bills may qualify for state or federal fuel assistance. For complete qualifications and application information, please contact the Nicollet County Social Services office (934-8559) or the Minnesota Valley Action Council (934-5224). The Salvation Army Heat Share program may also be able to help and can be reached at 326-5017.

**CREDIT CARD PAYMENT FOR UTILITIES**

- The City has made life easier for some utility customers. Customers may now pay City utility bills by phone or online, 24 hours a day, 7 days a week.

The City offers an automated bill payment service, which allows customers to pay with a credit card, debit card, or electronic check. To make an online payment go to: <http://www.saintpetermn.gov/pay-utility-bills>. Or, to make a payment by phone, please call 1-855-288-5244. A convenience fee of \$4.95 will apply for this service.

If you have any questions, please contact the Finance Department at 934-0664. (Please note....credit cards are not accepted in the Finance Department and are only available to use when paying bills online or by phone.)

**APPLIANCE COSTS** – Do you want to know how much it costs to run an appliance in your home? The City now has a Kill-A-Watt Meter device customers can check out to measure how much electricity a certain appliance is consuming and what it costs to run.

The device can be checked out from the Finance Department for a period of two weeks. They are easy to program and can be used on a number of appliances.

Customers interested in using a Kill-A-Watt meter should contact the Finance Department at 934-0664.

**EBOLA CONCERNS** - Some water utilities have begun receiving inquiries regarding Ebola and whether or not the disease can be spread through the water supply. Here's some information that can help diminish those concerns.

The Ebola virus causes an acute illness that is often fatal with a death rate of up to 90%. Ebola virus disease first appeared in 1976 in two simultaneous outbreaks, one in a remote area of Sudan and the other in a village near the Ebola River in the Democratic Republic of Congo, from which the disease takes its name. The current outbreak in West Africa (the first cases reported in March 2014) is the largest and most complex Ebola outbreak since the Ebola virus was first discovered. The current outbreak has spread through both urban and rural areas.

Ebola is not a foodborne, waterborne, or airborne illness. The virus is transmitted to humans from wild animals and spreads in the human population through human-to-human transmission. Ebola is transmitted through direct contact with infected bodily fluids (e.g., blood, vomit, feces). The Ebola virus can only replicate within host cells, therefore, it cannot survive long in water because it does not have its host — either a human or an animal.

Because of Ebola's fragility when separated from its host, bodily fluids flushed by an infected person would not contaminate the water supply. Researchers believe that Ebola survives in water for only a matter of minutes. This is because water does not provide the same environment as our bodily fluids, which have higher salt concentrations. Once in water, the virus will take in water in an

attempt to equalize the osmotic pressure, causing the cells to swell and burst, thus killing the virus.

This information is compiled by the WaterISAC organization from various sources including the World Health Organization, Centers for Disease Control; CNN; and National Public Radio. The Water Information Sharing and Analysis Center (WaterISAC) was authorized by Congress in 2002 and was created and is managed by the water sector. Its mission is to keep drinking water and wastewater utility managers informed about potential risks to the nation's water infrastructure from contamination, terrorism and cyber threats. The mission has been expanded to help utilities respond to and recover from all hazards.

**HELP WANTED** – The City is currently accepting applications for the following positions:

- **PUBLIC ACCESS PRODUCTION ASSISTANT**  
- Looking to make a little bit of extra money? Want to be among the first to know what happens at City Council and School Board meetings? Then we have the job for you!
