CITY OF SAINT PETER, MINNESOTA
OFFICIAL PROCEEDINGS
MINUTES OF THE CITY COUNCIL MEETING
JULY 27, 2020

Pursuant to due call and notice thereof, a regular meeting of the City Council of the City of Saint Peter was conducted in the Senior Center of the Community Center and by virtual software on July 27, 2020. Under M.S. 13D.021, the City is able to conduct meetings by electronic means in the event of a state-wide emergency. Governor Walz has declared a state-wide peacetime emergency and as such this City Council meeting was conducted both in-person and remotely using GoToMeeting software.

A quorum present, Mayor Zieman called the meeting to order at 7:00 p.m. The following members were present through the virtual platform: Councilmembers Shanon Nowell, Brad DeVos, Stephan Grams, and Emily Bruflat. The following members were present in the meeting room: Mayor Charles Zieman and Councilmembers Keri Johnson and Ed Johnson. The following officials were present: City Administrator Todd Prafke (in person), City Attorney James Brandt (in person) and City Engineer Jeff Domras (virtual).

Approval of Agenda – Mayor Zieman asked for the removal of Item “A” under New Business (Mandatory Face Covering Policy) to be removed from the agenda. A motion was made by Johnson (E), seconded by Johnson (K), to approve the agenda with the deletion. With all in favor, the agenda was approved as modified.

Approval of Minutes – A motion was made by Nowell, seconded by Bruflat, to approve the minutes of the July 13, 2020 regular City Council meeting. With all in favor, the motion carried and the minutes were approved. A complete copy of the minutes of the July 13, 2020 regular City Council meeting is contained in the City Administrator’s book entitled Council Proceedings 19.

Public Hearing: Wellhead Protection Plan Update – Mayor Zieman opened the public hearing on the City’s updated wellhead protection plan at 7:04 p.m. City Administrator Prafke reviewed the rules and procedures for conducting a public hearing as adopted by the City Council. Water Resources Superintendent Jeff Knutson provided information on the plan which the Minnesota Department of Health required the City to review and update every ten (10) years. Knutson reported the two-part plan included identifying wells and surface contaminants and implementing educational components for the public and land owners within the wellhead plan area. Knutson also noted that upon adoption of the updated plan the City would be eligible for grant funds through the Minnesota Department of Health that would pay for a large part of the update cost. There being no further comment, the hearing was declared closed at 7:09 p.m.

Consent Agenda – In motion by Grams, seconded by Bruflat, Resolution No. 2020-80 entitled “Resolution Approving Consent Agenda” was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-80 is contained in the City Administrator’s book entitled Council Resolutions 23.

Revolving Loan Request: Guentzel Holdings LLC – Community Development Director Wille presented the Economic Development Authority (EDA) recommendation for approval of a \$75,000 revolving loan to Guentzel Holdings LLC to partially finance a new Anytime Fitness facility at 1903 North Third Street. Wille indicated the Council had previously considered the loan application and it had been sent back to the EDA based on questions of whether the applicant was meeting

and it had been sent back to the EDA based on questions of whether the applicant was meeting the requirement to personally contribute 10% of the \$475,000 project costs. Wille noted the applicant was funding only 1.4% of the costs, but the EDA agreed to the exception to the rule because Mr. Guentzel's need for a new building was through no fault of his own, (his current lease having been terminated when the building was sold to a new owner), and his need to maintain sufficient cash reserves to remain operational during the COVID-19 pandemic. Wille also noted the remaining ninety percent (90%) of the project financing would be through an SBA504 program loan and a private loan through First National Bank. Wille reported the City's loan would be amortized over twenty (20) years at 3.25% interest with review of the interest rate every five years and would be guaranteed by a third position mortgage on the new building and personal guarantees by the applicant and his spouse.

Councilmember Johnson (K) asked what criteria had been used by the EDA to recommend approval of the loan even though the applicant had not met the 10% equity requirement and the impact that exception from the rules would have on future loan applications. Wille acknowledged previous Council's had provided the EDA with flexibility to consider exceptions from the rules.

In motion by Johnson (E), seconded by DeVos, Resolution No. 2020-81 entitled "Resolution Approving \$75,000 Revolving Loan To Guentzel Holdings, LLC, To Partially Finance Construction Of A New Commercial Structure For Anytime Fitness" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-81 is contained in the City Administrator's book entitled Council Resolutions 23.

Wellhead Protection Plan Update – Following the public hearing, staff recommended adoption of an updated wellhead protection plan as required by the Minnesota Department of Health. Engineer Mark Janovec of Stantec Consulting Services, the firm retained by the City to prepare the update, provided additional information on the updated plan and reviewed contaminants identified as part of the update including wells, storage tanks, septic systems, feed lots and spill/leak sites and the goals outlined in the plan. Scott Hanson of Minnesota Rural Water was also in (virtual) attendance and, in response to a Council question about identifying wells on private property, indicated that whenever a property changes hands the owner is required to report any wells that exist on a property. Hanson also reported grant funds that can pay for closing a well can also be used to entice property owners into compliance with regulations.

Councilmember Nowell asked if the update identified any agricultural pesticide containment systems in the wellhead protection area. Janovec reported he was not aware of any, but if one were identified it would be added to the wellhead plan along with a spill prevention plan.

In motion by Nowell, seconded by Johnson (E), Resolution No. 2020-82 entitled "Resolution Adopting Updated Wellhead Protection Plan" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-82 is contained in the City Administrator's book entitled Council Resolutions 23.

Clark Street Sanitary Sewer Improvement Project Engineering – Public Works Director Moulton recommended Bolton and Menk, Inc. be retained to prepare preliminary engineering work for a project to extend the Clark Street sanitary sewer to Outlot D in Traverse Green Subdivision in preparation for the new multi-family housing unit being planned on the lot.

Councilmember Johnson (K) questioned the timing of the sewer project as the two private properties to be crossed were be farmland. Moulton indicated one was currently being farmed and the other was CRP land and both property owners had already given permission for survey

work to take place and negotiations for easements necessary for construction of the sewer were continuing. In motion by Grams, seconded by Johnson (K), Resolution No. 2020-83 entitled "Resolution Authorizing Preliminary Engineering Services For Clark Street Sanitary Sewer Extension Improvement Project" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-83 is contained in the City Administrator's book entitled Council Resolutions 23.

Anytime Fitness Development Agreement (Guentzel Holdings LLC) – Community Development Director Wille requested execution of a development agreement with Guentzel Holdings LLC for the new Anytime Fitness facility to be located at 1903 North Third Street. Wille indicated the agreement outlined responsibilities for public improvements associated with the project including utilities, curb and gutter and sidewalk on Old Minnesota Avenue (at the developer's expense) and sidewalk along Dodd Avenue for which funding may be provided by a MnDOT grant, inclusion in MnDOT's 2024 Highway 22 plans, or if both of those fail, paid by the developer. Wille also noted there may be some engineering amendments that would be included in Exhibit B and the resolution was structured to approve those amendments upon approval of the City Administrator and Public Works Director. Mayor Zieman questioned when the project would be completed. Developer Chad Guentzel noted he is ready to begin construction as soon as the last permit is issued by the City as he has to be out of his leased space by November 1st. In motion by Johnson (E), seconded by Bruflat, Resolution No. 2020-84 entitled "Resolution Authorizing Execution Of Development Agreement With Guentzel Holdings LLC For Construction Of New Anytime Fitness Facility On Lot 1, Block 5, Orchard Ridge Subdivision" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-84 is contained in the City Administrator's book entitled Council Resolutions 23.

Land Exchange – 925 Austin Drive – Community Development Director Wille requested the Council approve execution of quit claim deeds providing for exchange of identical size parcels of land between the City (a portion of McGill Park) and owners of private property at 925 Austin Drive (Craig and Julie Bitter). Wille noted the land exchange was the last of the steps necessary to provide enough room for construction of a garage meeting setback regulations on the Bitter property. Wille also noted the private property owners had paid all costs related to their request. In motion by Johnson (K), seconded by Nowell, Resolution No. 2020-85 entitled "Resolution Authorizing Execution Of Quit Claim Deeds To Facilitate Transfer Of Land Between City And Craig And Julie Bitter (925 Austin Drive)" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A complete copy of Resolution No. 2020-85 is contained in the City Administrator's book entitled Council Resolutions 23.

YCDHT, LLC Revolving Loan Request – Community Development Director Wille presented the Economic Development Authority (EDA) recommendation for approval of a \$21,500 revolving loan to YCDHT, LLC (River Rock Bakery and Kitchen) to partially finance purchase of the properties at 217 and 2019 West Park Row. Wille indicated ninety percent (90%) of the cost would be funded by the Small Business Administration 504 loan program and a private loan through First National Bank. To comply with the SBA program requirements, the term of the revolving loan would be twenty-five years and the interest rate would be reviewed every five years. Wille noted the total financing package was 94% of the appraised value of the property and the applicant and her spouse would also provide personal guarantees along with the third mortgage position on the property. In motion by Bruflat, seconded by Nowell, Resolution No. 2020-86 entitled "Resolution Approving \$21,500 Revolving Loan To YCDHT, LLC (River Rock Bakery And Kitchen) To Partially Finance The Purchase Of The 217-219 West Park Row Properties" was introduced. Upon roll call, with all in favor, the Resolution was declared passed and adopted. A

complete copy of Resolution No. 2020-86 is contained in the City Administrator's book entitled Council Resolutions 23.

Reports

Mayor's Report – Mayor Zieman expressed appreciation to Nicollet County for construction of a parking lot along South Front Street that helped remove cars generated by business at the Government Center which made the roadway safer.

COVID-19 Update – City Administrator Prafke provided an update on the COVID-19 emergency and the state-wide face covering mandate issued by Governor Walz. Prafke also noted he had discussed with the City's Auditor the regulations concerning use of the \$901,000 in CARES ACT funds the City had received and would provide a report to the Council in the near future on what the funds can be used for.

Goal Session June 29, 2020 Report – City Administrator Prafke directed Councilmember attention to the written report on the June 29, 2020 goal session which was contained in the Council packet.

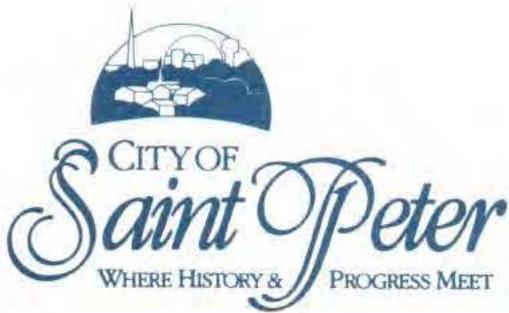

Polling Place Change - City Administrator Prafke reminded voters once again that Ward 1 voters would be casting their August 11th primary ballot at Johnson Hall at the Fairgrounds.

There being no further business, a motion was made by Johnson (E), seconded by Johnson (K), to adjourn. With all in favor, the motion carried and the meeting adjourned at 8:10 p.m.

RE: 2020 Mastic Asphalt Crack Sealing – Streets Maintenance Program

ACTION/RECOMMENDATION

Accept a proposal for mastic asphalt crack sealing proposal submitted by Allied Blacktop of Hanover, Minnesota in the amount of \$1.44 per pound; with a total not to exceed price of \$12,240.

BACKGROUND

The City currently completes roadway crack sealing for cracks 1.5" in width or less. Larger cracks require mastic sealant which tends to stay in the crack better providing a barrier from water penetration into the sub-base. Mastic sealant is similar to our annual crack sealing program.

Although this year's street maintenance program did not include mastic sealant, several areas have been discovered where the use of this process would be beneficial. Approximately 5,000 feet of mastic sealant will be placed. Allied Blacktop will be using air pressure and blowing out the cracks and removing debris followed by installation of a heated and poured mastic sealant. City staff will follow up behind to sweep up residue material.

Formal written proposals were solicited via the City's website with five proposals received:

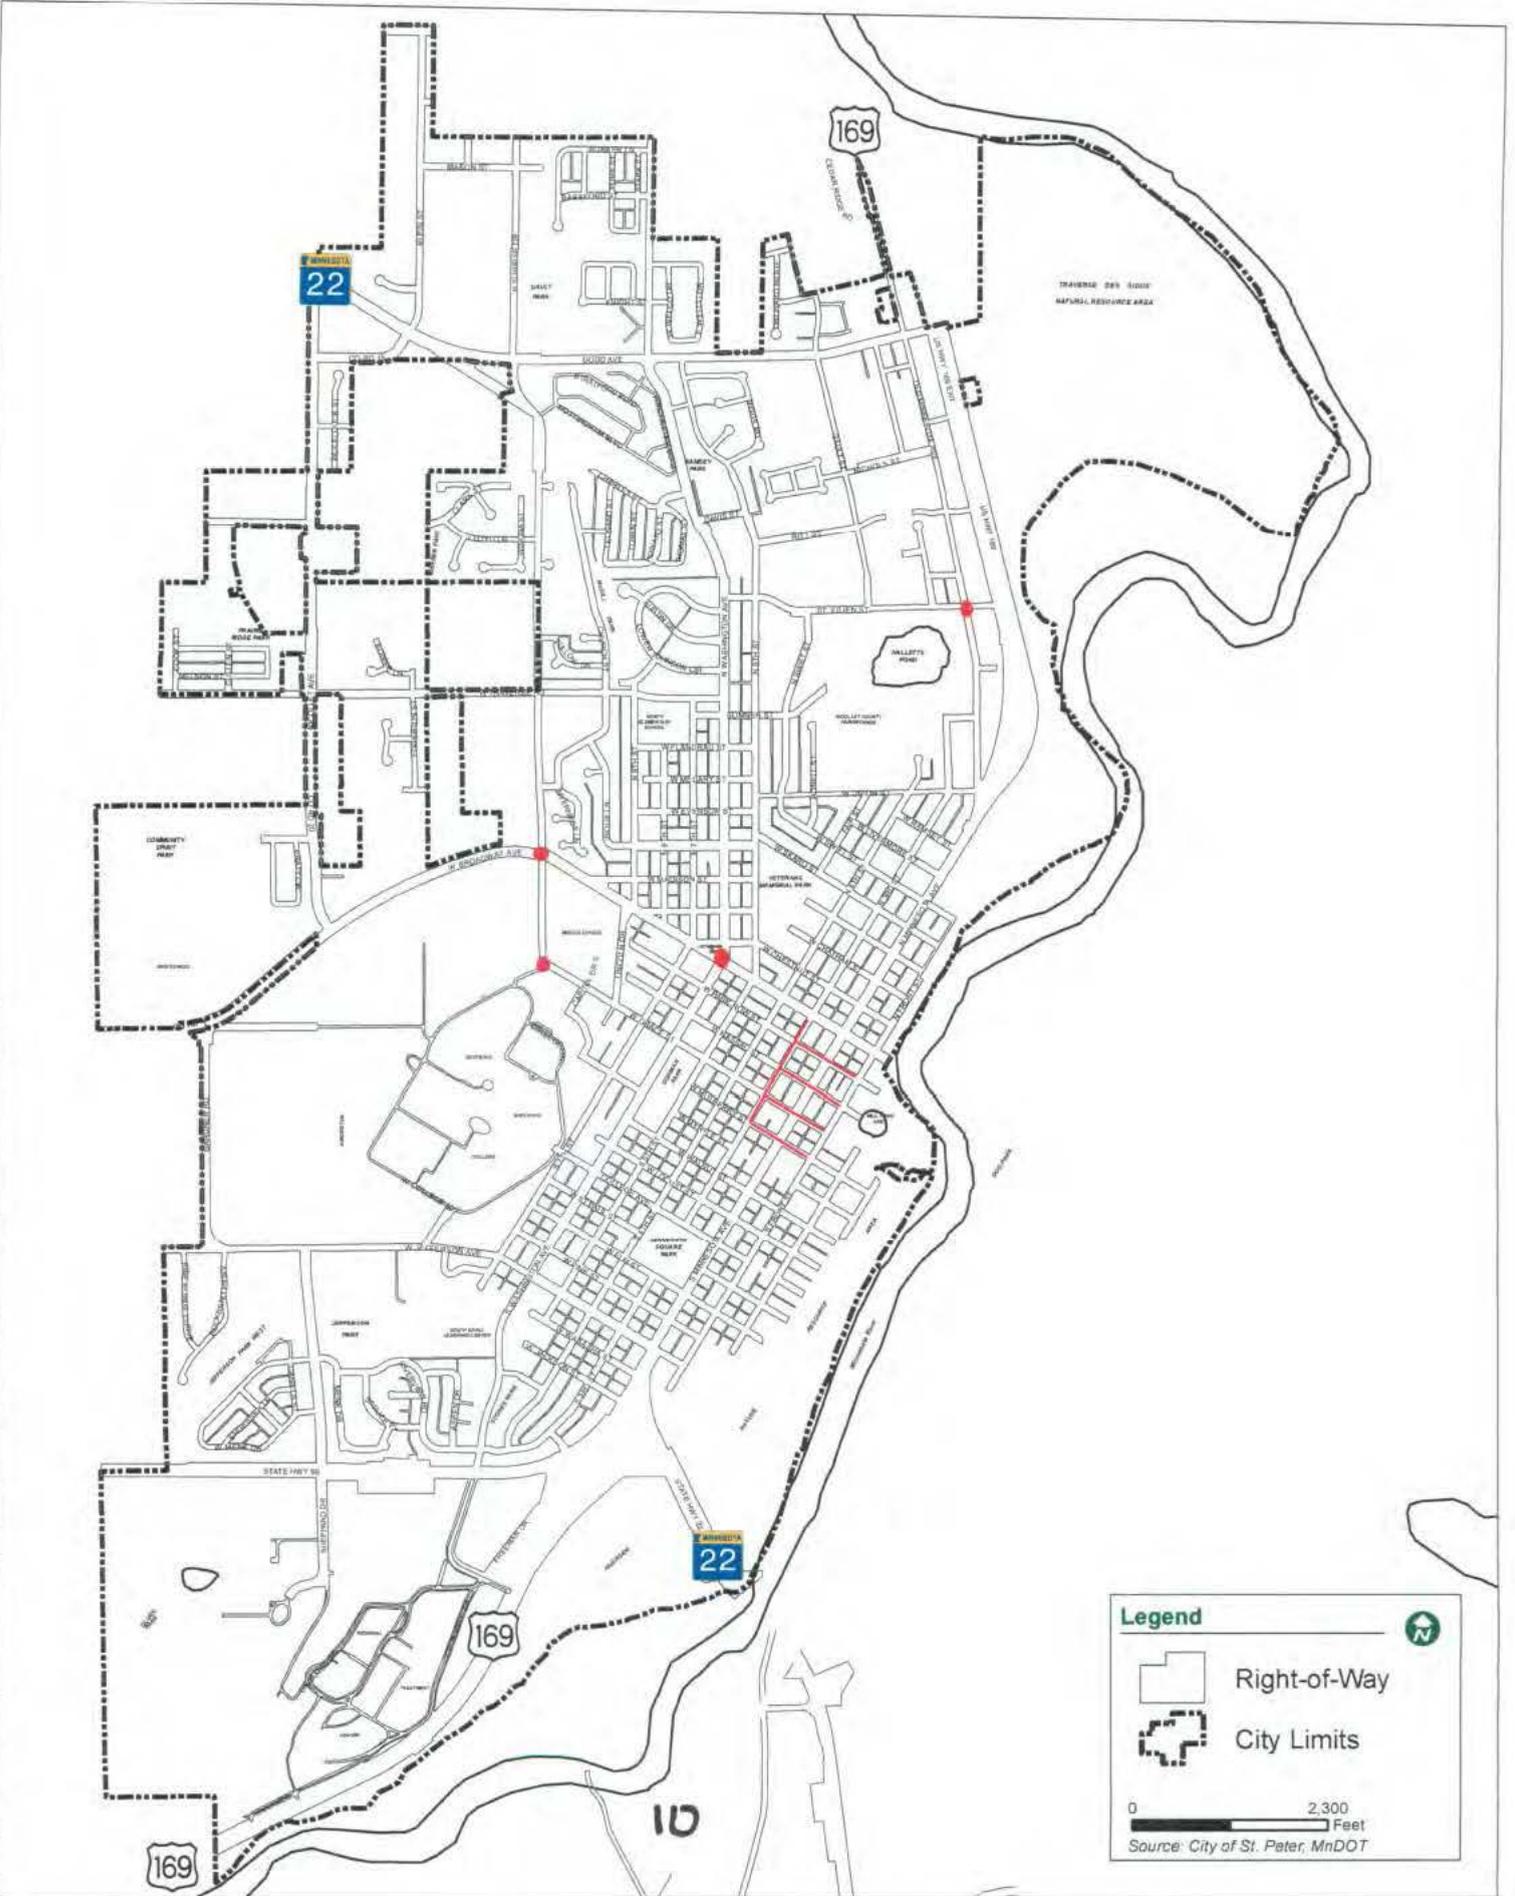

Contractor	Price/Pound	Pounds	Total
Allied Blacktop	\$1.44	8,500	\$12,240
MP Asphalt	\$2.18	8,500	\$18,105
Nielsen Blacktopping	\$2.90	8,500	\$24,650
Bargen	\$2.95	8,500	\$25,075
ASTECH	\$8.49	8,500	\$72,160

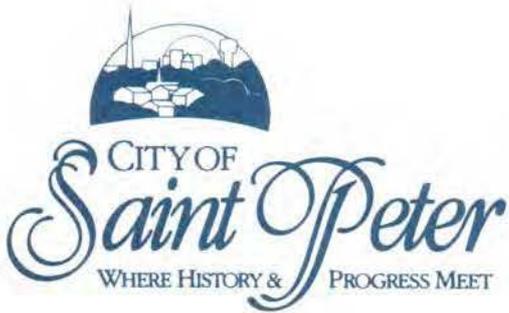

The lowest cost proposal was submitted by Allied Blacktop. Staff will monitor the work to assure the contractor is completing the work according to City standards. A detailed map of the proposed streets is attached. Work will begin September 1 contingent upon execution of a contract and the City receiving the appropriate certificate of insurance.

Funding for the work will be provided as a part of the 2020 Streets Maintenance budget.

Please feel free to contact us should you have any questions or concerns on this agenda item.

RE: Authorize Additional Crack Sealing

ACTION/RECOMMENDATION

Authorize an additional 10,000 pounds of crack sealing to Northwest Asphalt of Thief River Falls, Minnesota in the amount of \$14,500.

BACKGROUND

In April the City received bids for the 2020 Crack Sealing Project. Northwest Asphalt was the lowest bidder at \$1.45 per pound. Due to the low cost we asked the contractor to provide an additional 10,000 pounds of crack sealing on South Washington Avenue from Broadway Avenue to West Jefferson Avenue and on Sunrise Drive from West Broadway Avenue to West Grace Street.

Park View Manor, a City facility, has also requested assistance with their parking lot and the contractor will apply approximately 303 pounds of sealing to their parking lot. The approximately \$440 cost will be reimbursed to the City by Park View Manor.

Funding for crack sealing is included in the 2020 Streets Maintenance budget.

Please feel free to contact us should you have any questions or concerns on this agenda item.

RE: Kottke Real Estate Holdings, LLC (Spring Touch) – Balloon Extension Request

ACTION/RECOMMENDATION

Approve a request for a five year extension to the balloon payment date for the revolving loan made to Kottke Real Estate Holdings, LLC.

BACKGROUND

In 2015, Kottke Real Estate Holdings, LLC purchased the former Taytronics building at 430 Ritt Street from the EDA and now operates Spring Touch Lawn and Pest Control out of the building.

To partially finance the \$1,280,000 project, the EDA provided a \$500,000 loan at an interest rate of 3.0% amortized on a twenty year schedule but due and payable when the note balloons after five years. The initial five year period expires in August, 2020 and Mr. Kottke has asked that the balloon payment date be reset for an additional five year period. A balloon payment extension is allowed as per the adopted loan guidelines. The balance of the note is calculated to be \$403,308.42. Without a single exception, every payment has been made as scheduled.

As part of the five year review, it is appropriate to undertake a review of the applicable business finances as well as the personal finances of the borrower and guarantor of the loan. A subcommittee of the EDA reviewed the submitted financials and found no irregularities or other issues which would question the creditworthiness.

The five year review also allows for review and alteration of the interest rate charged. The note was made with interest at a rate of 3.0%. As of this week, the U.S. Prime rate published in the Wall Street Journal is 3.25%.

The EDA recommends approval of the five year balloon extension with no change in the interest rate.

FISCAL IMPACT:

The balance of the current note is \$403,308.41. Repayment of the note will continue for another five years at which time the note will balloon and be subject to further EDA and City Council review.

ALTERNATIVES/VARIATIONS:

Do not act: Mr. Kottke will be notified.

Negative Votes: Mr. Kottke will be notified and asked to make arrangements to honor the balloon payment.

Modification of the Resolution: This is always an option of the City Council.

Please feel free to contact me should you have any questions or concerns about this agenda item.

**RESOLUTION MODIFYING TERMS OF REVOLVING LOAN PREVIOUSLY PROVIDED TO
KOTTKE REAL ESTATE HOLDINGS (SPRING TOUCH LAWN CARE AND PEST CONTROL)**

WHEREAS, the Economic Development Authority (EDA) administers the City's revolving loan funds with power to administer the loan program and to make recommendations to the City Council for disbursement of new loans; and

WHEREAS, guidelines have been established which govern and determine the criteria of the revolving loan program; and

WHEREAS, in 2015 a \$500,000 revolving loan was provided to Kottke Real Estate Holdings, LLC. to partially finance the purchase of and renovations to the building located at 430 Ritt Street; and

WHEREAS, following the July 2020 payment the balance of the 2015 loan is \$403,308.42; and

WHEREAS, Kottke Real Estate Holdings, LLC has made every loan payment as due and in the amount due; and

WHEREAS, the 2015 note is scheduled to be repaid via balloon payment in August, 2020; and

WHEREAS, Marv Kottke has requested the balloon payment date be extended for another five years to August, 2025; and

WHEREAS, the Economic Development Authority considered Mr. Kottke's request and recommended the City Council provide for a five year extension of the balloon payment.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SAINT PETER, NICOLLET COUNTY, MINNESOTA, THAT:

1. The balloon payment date for the loan previously awarded to Kottke Real Estate Holdings is hereby extended to August 1, 2025.
2. All other terms, conditions and loan security shall remain unchanged.

RE: Assistant Library Supervisor Position Description

ACTION/RECOMMENDATION

Approve an updated position description for Assistant Library Supervisor.

BACKGROUND

As you know, it is our practice to review all position descriptions whenever a position becomes vacant. This is done to ensure the minimum and desired qualifications, the physical requirements and the information about the essential job functions all accurately describe the position.

With the promotion of the Assistant Library Supervisor to the Library Supervisor position, we now have a vacancy. The Recreation and Leisure Services Director and I have reviewed the current position description and are recommending minor changes that more closely reflect the actual duties and qualifications of the position.

FISCAL IMPACT:

There is no fiscal impact to adoption of the updated description.

ALTERNATIVES/VARIATIONS:

Do not act: Should the Council choose to take no action on this agenda item, no further action will be taken without additional direction from the City Council.

Negative vote: No further action will be taken.

Modification of the Resolution: This is always an option of the City Council.

Please feel free to contact me if you have any questions or concerns on this agenda item.

RE: Final Acceptance of 2020 North Third Street Improvements (Skaro to Livermore)

ACTION/RECOMMENDATION

Accept the 2020 North 3rd Street Improvements (Skaro to Livermore Street) project as completed and authorize final payment to Nielsen Concrete, LLC of Kasota, Minnesota in the amount of \$163,170.65.

BACKGROUND

In April, the City Council awarded a bid for construction of storm sewer, removal and replacement of curb and gutter, driveway aprons, pedestrian ramps and various sidewalk segments on both sides of North Third Street between Skaro and Livermore Streets. The project also included upgrading pedestrian ramps and the construction of missing sidewalk segments on the north and south sides of Locust Street and the north side of Elm Street between South Fifth Street and Washington Avenue.

The project bid amount was \$275,902.75 and the final project cost was \$272,063.88, (\$3,838.87 under bid) due to City crews assistance in removing the existing North Third Street pavement and placement of the new bituminous surfacing once Nielsen Concrete completed their concrete work. City crews also backfilled the new concrete curb and gutter and sidewalk sections with topsoil, graded and then seeded the disturbed areas on North Third, Locust and Elm Streets.

The project was completed on time and as per the contract specifications. We recommend formal acceptance of the project as completed and authorization to make the final payment to the contractor.

FISCAL IMPACT:

Signed waivers of assessments have been received from all abutting property owners and the remaining costs have been budgeted in Streets and Stormwater.

ALTERNATIVES AND VARIATIONS:

Do not act: No further action will be taken without additional direction from the City Council.

Negative Vote: Failure to accept the contract as completed and make final payment to the contractor may be a violation of the contract.

Modification of the Resolution: This is always an option of the City Council.

RE: 2020 N. 3rd Street Improvements (Skaro to Livermore)
City of Saint Peter, MN
BMI Project No. M12.119897

Dear Mr. Moulton:

Enclosed are signed copies of Contractor's Estimate No. 2R-Final in the amount of \$163,170.65, along with the Consent of Surety to Final Payment and IC-134 certifying the withholding of income tax. The project included construction of storm sewer, removal and replacement of curb & gutter, driveway aprons, ped ramps and various sidewalk segments on both sides of N 3rd Street between Skaro and Livermore Streets. The project also included upgrading pedestrian ramps and the construction of missing sidewalk segments on the north and south sides of Locust Street, and the north side of Elm Street, between S 5th Street and Washington Avenue.

The project bid amount was \$275,902.75 and the final project cost was \$272,063.88, approximately \$4,000 less. City crews removed the existing N 3rd Street pavement and then placed the new bituminous surfacing once Nielsen Concrete completed their concrete work. City crews also backfilled the new concrete curb & gutter and walk sections with topsoil, graded and then seeded the disturbed areas on N 3rd, Locust, and Elm Streets.

We believe the project has been constructed according to the plans and specifications and therefore, can recommend acceptance and final payment to Nielsen Concrete, LLC.

Sincerely,

Bolton & Menk, Inc.

RE: St. Peter Veterans Memorial Park Playground Improvements Project Acceptance

ACTION/RECOMMENDATION

Accept the Veteran's Memorial Park Playground Improvements Project as completed and authorize the final payment to Nielsen Concrete, LLC of Kasota, Minnesota in the amount of \$57,479.

BACKGROUND

In April, the City Council awarded the bid for the Veterans Memorial Park Playground Improvements to Nielsen Concrete, LLC of Kasota in the amount of \$71,426. The final project cost was \$57,479.

City crews worked with the contractor to remove the existing playground and excavate the new playground area. The City also delivered base materials to Nielsen's for the concrete work and then backfilled, landscaped and seeded around the playground. This work reduced the final cost of the project by \$13,947 or 20%.

The project has been completed as per the plans and specifications. We recommend formal acceptance of the project and authorization to make final payment to the contractor.

FISCAL IMPACT:

Funding of \$57,479 will come from the General Fund (Parks).

ALTERNATIVES AND VARIATIONS:

Do not act: No further action will be taken without additional direction from the City Council.

Negative Vote: Staff will seek further direction. But failure to pay now or in the near future may be a violation of the contract.

Modification of the Resolution: This is always an option of the City Council.

RE: Wheel Loader Replacement - Wastewater

ACTION/RECOMMENDATION

Authorize the purchase of a new 2020 444H John Deere wheel loader from RDO Equipment, Mankato Minnesota and trade-in of the current 2002 John Deere 444H wheel loader for a total purchase amount of \$117,503.

BACKGROUND

The 2020 Wastewater budget includes \$70,000 for replacement of a John Deere 444H wheel loader originally purchased in 2002 and which now has over 4,272 hours of operation.

We researched new loaders using the Cooperative Purchasing Program (State Bid) to identify potential wheel loader suppliers who can furnish and deliver a wheel loader similar to the current unit. Four vendors under the Cooperative Purchase Program were able to furnish and deliver a wheel loader meeting City specifications. The options include:

<i>Dealer</i>	<i>New Unit</i>	<i>Trade-In</i>	<i>Total Cost</i>
RDO Equipment (John Deere)	\$150,503	\$33,000	\$117,503
Titan Machinery (Case)	\$145,700	\$17,000	\$128,700
Zeigler Cat (Caterpillar)	\$173,120	\$16,000	\$157,120
Nuss Truck & Equipment (Volvo)	\$174,895	\$15,000	\$159,895

The proposed purchase includes trade-in of the 2002 unit which was inspected by the four dealerships for inclusion in their proposals.

We are recommending purchase of a John Deere wheel loader from RDO Equipment of Mankato, Minnesota. The proposed new John Deere wheel loader would include a 7-year, 4,000 hour warranty with delivery in approximately sixty (60) days. Please note the purchase authorization would include trade-in of the existing unit.

FISCAL IMPACT:

Budgeted funding is only \$70,000. The remaining cost is proposed to be funded using Wastewater Fund reserves which has sufficient resources to cover this expenditure.

ALTERNATIVES/VARIATIONS:

Do not act: No purchase will be made until Council action.

Negative Vote: No purchase will be made.

Modification of the Resolution: This is always an option of the City Council.

Please feel free to contact us should you have any questions or concerns about this agenda item.
