4/8/2020

MAKE ME WONDER (BY CITY ADMINISTRATOR TODD PRAFKE) – Here we are in a new reality … week three or four of the COVID-19 new reality. One thing I have noticed both in myself and in some of the people I work with is that communication is getting shorter, maybe testier, and maybe less “Minnesota Nice”. I know that just today a couple of calls that I have taken are from people that three weeks ago would have been a positive and rational interaction, but today they were definitely not pleasant, problem solving or rational.

We are getting to the point in this “event” that the pressure is building to a peak. Everyone is impacted. How can we not all be impacted by loss of work, illness of relatives, fear of illness, or fear about the unknown? We’ve lost so many of the routines that ground us and on the opposite end we are missing so many of the events that give us reason to celebrate like graduations, ball games, weddings or even the simple stuff like getting a quick bite to eat downtown.

It doesn’t seem like there is an end in sight and the waves of bad news just keeps rolling in on my phone, news feed, and the TV. It is clear that we are not all impacted in exactly the same way, yet many people I talk to are at or very near the end of their rope.

Know that how you feel is okay and give yourself some room to feel the way you feel. Give the folks you interact with a bit of room as they are probably feeling the weight of a very heavy world at this moment. Know it’s not you or what you do and that try to be there for each other.

So here is my wish for you and for our community. Know that we are in this together and that what you are feeling is most likely being felt by the rest of us also. Know that our current “new reality” is very hard and maybe especially so since we don’t know exactly when the old reality will be available to us again. Know that we, that you, are all important to someone - a friend, your family, a co-worker, and the people of our community. We are in this together.

Know that sometimes it’s the little things that matter. Act compassionately. Give an extra thanks to the grocery store clerk for being there. Call a friend and just say “Hey”. Help a random person because it will make you feel great. Like I enjoy saying on my video blog, call your mom! Know that what we do, what you do, makes a difference for many.

If you find yourself struggling with what’s going on around you, please check out this Centers for Disease Control (CDC) website for some great tips about emotional help during emergencies https://emergency.cdc.gov/coping/pdf/Coping_with_Disaster.pdf.

Here are a bunch of local resources National Suicide Prevention Lifeline: 1-800-273-TALK (8255) free 24-hour help
- National Suicide Crisis: 1-800-784-2433 (24 hour line)
- South Central Mobile Crisis Line: 1-877-399-3040 (24 hour line)
- 24 Hour Adult Mental Health Crisis Line: 1-800-233-9929
- United Way First Call for Help: 1-800-543-7709
- Crisis Text Line: Text HOME to 741-741

And here are some location options for community counseling services (this should not be used as an exhaustive list, but as a guide of where to start)
- Counseling Services of Southern Minnesota - 507-934-8040
Sioux Trails Mental Health Center - 507-934-2652
St. Peter Counseling Center - 507-484-2400
St. Peter Psychology Clinic - 507-721-1227
Nicollet County Human Services - 507-934-6800
Le Sueur County Human Services - 507-357-8228
Mayo Clinic Health System - 507-931-2110
Mankato Clinic, Daniels Health Center- 507-934-2325
Open Door Health Center - 507-388-2120 (Mankato)

Are we taking care of each other? Are we taking care of ourselves? We’ve got this! I have seen it so many times in our community. Saint Peter is a special place. Can we rally around each other? I never wonder about that!

SEVERE WEATHER AWARENESS WEEK – Normally the Hot Sheet would contain lots of really scary photos of severe weather, but with the other emergency going on in our lives, we’re toning it down a bit this year. Next week is Severe Weather Awareness Week in Minnesota (April 13-17th) and St. Peter residents have a special appreciation for that week.

So does the State of Minnesota Department of Homeland Security and Emergency Management which has a section of their website devoted to this special week and getting Minnesotans prepared for severe weather to come. Here are some of the highlights from their page:

Are you ready for severe weather? Each year, HSEM in collaboration with the National Weather Service sponsors Severe Weather Awareness Week in Minnesota. The week is designed to refresh, remind and educate everyone about the seasonal threats from severe weather and how to avoid them. It’s also a great time to make and practice your emergency plan and build or refresh your emergency preparedness kit.

Statewide Tornado Drills - The most important events during Severe Weather Awareness Week are the two annual statewide tornado drills. In Minnesota, the 2020 statewide tornado drills are scheduled for Thursday, April 16. Outdoor warning sirens and NOAA Weather Radios will sound in a simulated tornado warning. The first drill is intended for institutions and businesses. The evening drill is intended for second shift workers and families.

How to Participate - If you are interested in some ideas on how you, your family, business, or your community can participate in Severe Weather Awareness Week, check out some ideas on this list.

Why Severe Weather Awareness Week? According to the Minnesota Department of Natural Resources, Minnesota experiences an average of 28 tornadoes per year. In 2018, 44 twisters touched down. A record was set in 2010 with 113 tornadoes touching down across the state.

Understanding this threat and knowing what to do when a tornado is approaching can save lives. Take advantage of Severe Weather Awareness Week to review your own and your family’s emergency procedures and prepare for weather-related hazards.

Each day of the week focuses on a different weather safety topic:
- Monday: Alerts and Warnings- weather-radio
- Tuesday: Severe Weather, Lightning and Hail
- Wednesday: Floods
- Thursday: Tornadoes (with statewide tornado drills)
- Friday: Extreme Heat

For more information, please check out the website at https://dps.mn.gov/divisions/hsem/weather-awareness-preparedness/Pages/severe-weather-awareness-week-program.aspx.

And finally, because we couldn’t resist……

COVID-19 UPDATED INFORMATION – Each week the Hot Sheet will include updated information pertaining to the City’s response to the COVID-19 emergency. With few exceptions, this will be limited to new information only. If there is something we have previously published in this column that you need to access, please go to the City’s website at www.saintpetermn.gov and check out the Hot Sheet archives. Here is the latest information as of April 8, 2020:

- Governor Walz’s two-week “stay at home” order is still underway and while there will always be people who flaunt the law and are out and about, most people are doing a good job staying home. As the virus continues to infect people across the country, stores that are open for business are taking additional steps to keep customers safe including marking floors to keep a 6’ social distance between customers, installing shields between cashiers and customers, and limiting
the number of shoppers in the store at any one time to ensure social distancing can be maintained.

- Are you in need of vehicle tabs? The Government Center, like City buildings, is closed to the public. Nicollet County has asked us to pass on the following notice... "For quicker service, mail your completed renewal notices with your insurance information and a check directly to Nicollet County, 501 S Minnesota Ave, St. Peter MN 56082. Renewal notices can also be dropped off in the drop box outside of the Nicollet County Health and Human Services Building at 622 South Front Street. Please clearly label the envelope “Public Services” to ensure proper routing to the correct department. We will mail back your registration the same day we received it. If you have questions, please contact Nicollet County Public Services at 507-934-7806."

- All City of Saint Peter parks and trails remain open but the playground equipment is not recommended for use. Park equipment and playgrounds are not sanitized. Please don’t use them. Signs have been put on the playground equipment with this information.

- Trails and green spaces are open so residents can engage in self-directed outdoor exercise (walking, biking) while following social distancing and personal hygiene guidelines. When visiting the parks and using trails, please:
  o Follow guidance on personal hygiene — wash hands, carry hand sanitizer, cover your mouth and nose when coughing or sneezing and avoid high-touch surfaces. If you are ill or have cold or flu symptoms, please stay home.
  o Observe the minimum recommended social distancing of 6 feet from other visitors as you walk, bike or play.
  o Warn other trail users of your presence to allow proper distance. Step off trails to allow others to pass if necessary.
  o Bring your own water. Park drinking fountains have not been turned on.
  o Make other arrangements for restroom facilities. The park restrooms have not been opened for the year at this time.

- Applications for the Economic Development Authority COVID-19 Micro Loan Program are being accepted from eligible businesses and some businesses have already received their checks. If you haven’t heard about it, the program will provide up to $10,000 in interest free loans for eligible local businesses to help tide them over until the local economy gets started again. For details on the program, please contact the City’s Community Development Department at 507-934-0661 or by email at cindym@saintpetermn.gov.

- To protect the health and safety of River’s Edge Hospital staff and patients, a “no visitor” policy has been implemented. Exceptions to the no visitor policy include:
  o Pediatric patients are allowed one parent/guardian while in the building. Parents/Guardians will not be allowed to switch places.
  o In an end of life situation, exceptions will be granted on a case-by-case basis.
  o Visitors who have been granted an exception will be screened prior to entry into the patient care areas.

Visitor restrictions will be in place for an undetermined amount of time. Hospital officials encourage people to keep in touch with their loved ones via phone, email, or other devices. While these restrictions are difficult for patients and loved ones, these steps are necessary to help slow the spread of COVID-19 and to keep staff and patients healthy.

- Patients coming to River’s Edge Hospital for surgical, physical therapy, occupational therapy, outpatient infusion therapy, lab, or imaging appointments are asked to take their temperature the night before and the morning of an appointment. Those with fevers of 100° or higher, should contact the Hospital at 507-931-2200 to reschedule their appointment. In addition, when arriving for an appointment patients will be screened and asked to answer the following: Do you have a fever? Do you have shortness of breath, lightheadedness, sore throat, or cough? Have you had close contact with anyone confirmed to have COVID-19?

- Did you know Minnesota River Valley Transit, with help from some City part-time staff, have been helping with local Meals on Wheels delivery? This program is normally staffed by volunteers, many of which are in the at risk category for COVID-19. To ensure their safety, City staff is temporarily filling in to ensure those in need receive a nutritious meal each day.

- April’s utility bills have gone out and many people who might not yet realize City buildings are closed will be attempting to pay their bill. Customers are asked to pay using one of the following methods that reduces/eliminates person to person contact:
  o Sign up for automatic payment through your bank account. This program automatically withdraws the amount of a customer’s utility
bill from an account they designate on the due date each month. Customers still receive a bill on or near the first of the month that will indicate it is being paid by automatic withdrawal. Call the Finance Department at 507-934-0664 for more details.

- Leave your check in the drop box by the flag pole at City Hall, making sure to indicate the account number and/or address of service.
- Mail payments to the Finance Department at 227 South Front Street using the return envelope mailed with your bill. Please include the top portion of your bill. If this is not available, include the service address and account holder name.
- Use a credit or debit card to make a payment by calling 855-288-5244. You'll need your account number to use this service.
- If you do come to City Hall and you have cash in hand (again, not the preferred method for payment during the COVID-19 emergency), please call the Finance Department number on the front door sign and someone will help you.

CENSUS 2020 – Due to COVID-19, the U.S. Census Bureau has decided to suspend field operations.

That doesn’t mean the Census isn’t happening at all, after all it is mandated in the constitution, it just means a Census worker won’t come knocking on your door anytime soon.

For the first time in the history of the Census, workers will not be coming to doors until it is safe for them to do so. But officials at the Census Bureau are really hoping everyone will complete their survey before that decision is made and they have worked hard to make it easy to do so.

This year, for the first time ever, Americans have the ability to complete their forms online. Depending on the size of your household, it takes just minutes to complete online. Or you can fill out the paper survey that was mailed out to residents who haven’t yet responded.

No computer, or didn’t get a paper Census invitation with a participation code? Don’t worry, the Census Bureau has you covered. Just call any of these numbers to complete the survey:

- **ENGLISH**: 844-330-2020
- **SPANISH**: 844-468-2020
- **CHINESE (MANDARIN)**: 844-391-2020
- **CHINESE (CANTONESE)**: 844-398-2020
- **VIETNAMESE**: 844-461-2020
- **KOREAN**: 844-392-2020
- **RUSSIAN**: 844-417-2020
- **ARABIC**: 844-416-2020
- **TAGALOG**: 844-478-2020
- **POLISH**: 844-479-2020
- **FRENCH**: 844-494-2020
- **HAITIAN CREOLE**: 844-477-2020
- **PORTUGUESE**: 844-474-2020
- **JAPANESE**: 844-460-2020
- **ENGLISH (FOR PUERTO RICO RESIDENTS)**: 844-418-2020
- **SPANISH (FOR PUERTO RICO RESIDENTS)**: 844-426-2020
- **TDD (TELEPHONE DISPLAY DEVICE)**: 844-467-2020

With all those choices you really have no excuse for not participating right? And it’s super important that you do to ensure Minnesota is allocated its fair share of federal funding as well as representation in Congress.

There’s also some bragging rights to consider…. As of April 7th, Saint Peter’s self-response rate is 58.4% and North Mankato is at a whopping 63.6%. We can’t let them beat us St. Peter. So please participate as soon as you possible to ensure We Count Minnesota!

**BATTLE OF THE BADGES BLOOD DRIVE** – COVID-19 might have suspended all elective surgeries, but it hasn’t stopped emergencies and emergencies mean patients needing blood. The nation’s blood inventory is as low as the supply of masks and ventilators and blood donations are urgently needed.

Please do your part by participating in the St. Peter Police Department “Battle of the Badges” blood drive on May 11, 2020 from 12:30 – 5:30 p.m. at the Senior Center in the Community Center. (If the building remains closed to the public at the time of the drive, special access will be available through Door “B”.)

According to the American Red Cross, “Thanks to the many who gave blood and scheduled upcoming
appointments over the past couple of weeks, the American Red Cross has been able to meet immediate patient needs. During this uncertain time, we encourage individuals to keep scheduled blood, platelet or AB Elite plasma donation appointments and to make new donation appointments for the weeks ahead to ensure a stable supply throughout this pandemic.”

“Donating blood products is essential to community health and the need for blood products is constant. As part of our nation’s critical infrastructure, healthy individuals can still donate in areas that have issued shelter in place declarations. The Red Cross follows the highest standards of safety and infection control, and volunteer donors are the only source of blood for those in need.”

“There is no known end date in this fight against coronavirus and the Red Cross needs the help of blood and platelet donors and blood drive hosts to maintain a sufficient blood supply for weeks to come. In times of crisis, the Red Cross is fortunate to witness the best of humanity as people roll up a sleeve to help those in need. We greatly appreciate the generosity of the public to keep hospital shelves stocked during this uncertain time.”

Please call 1-800 RED CROSS (1-800-733-2767) or visit RedCrossBlood.org and enter “St. Peter BotB” to schedule your appointment now!

**TREE CARE 101** – The City has received a few calls from property owners wanting to know if they could cut down a tree in front of their homes. Many people don’t understand the concept of “boulevard trees” versus “private property trees.” Trees located in the City owned boulevard are trimmed, maintained and if necessary, removed by the City. These trees may not be removed by the public and as the City works to expand our urban forest, unless the tree is diseased or somehow presents another danger, they will not be removed by the City.

If you’d like to remove a tree on your own property, however, there are a couple of things you should be mindful of. The first is the need to call Gopher State One-Call (811) before you dig. This is a State regulation that provides for marking of utility lines before digging anywhere in the state. This is required even if you think you know where the lines on your property are located.

If you are going to hire someone to do the work for you, keep in mind the need to hire a licensed tree worker. Just because you have a saw doesn’t make you a tree worker and City Code regulations require these individuals to be licensed by the City. When an application is received, the Police Department will conduct a background investigation and staff will require the applicant to provide proof of insurance; both of which helps protect property owners from disreputable companies. A list of all currently licensed tree workers is available on the City’s website at [https://www.saintpetermn.gov/BusinessDirectoryII.aspx?lngBusinessCategoryID=22](https://www.saintpetermn.gov/BusinessDirectoryII.aspx?lngBusinessCategoryID=22)

**DOG PARK UPDATE** - Fencing installation for the new dog park located at 1125 North Swift Street (just west of the City’s wastewater treatment plant) started the week of March 30th. Along with completion of the fencing, additional work will be done to hydro-seed, plant trees, install benches and install water fountains.

An opening date is not yet in place, but updates on the progress of the park development will be provided through the City’s social media sites.

For more information on the dog park, please contact the Public Works department at 507-934-0670.

**CITY COUNCIL ACTIONS** – The City Council conducted a special City Council meeting on March 30, 2020 to consider two recommendations from the Economic Development Authority:

1. Establishment of a COVID-19 Micro Loan program to assist eligible St. Peter businesses with loans of up to $10,000 to help with expenses until the economy begins to recover.

2. Allowing existing revolving loan recipients to defer loan payments for a period of up to four (4) months.

Businesses interested in apply for either of these programs should contact the Community Development Department at 507-934-0661 to apply.

The next regular City Council meeting will be Monday, April 13th beginning at 7:00 p.m. The meeting will only be held electronically as authorized under Minnesota Statutes 13.021. For log-in information, please visit the City’s website. The log-in information will be at the bottom of the meeting agenda page which will be available under the “meetings and minutes” section of the homepage the Friday before the Council meeting.
MnDOT MEETING ON HIGHWAYS 169/99/22 (SOUTH END) - The Minnesota Department of Transportation has asked the City to pass on this notice about an important public meeting related to future development plans for the Highway 169/22/99 intersection on the south end of Saint Peter.

“MANKATO, Minn. – The Minnesota Department of Transportation (MnDOT) is seeking community feedback on design concepts for a construction project in 2023 that includes the intersections of Hwy 169/Hwy 22 and Hwy 169/Hwy 99 on the south side of St. Peter. Following guidance from state health officials and Governor Walz’s Stay at Home Executive Order, the previously scheduled in-person open house will now be conducted online. The public is invited to participate in an online meeting on Thursday, April 9th, at 5 p.m. at https://global.gotomeeting.com/join/317118797. Attendees can join the meeting by clicking on the link at the scheduled time.

MnDOT staff will give a presentation to explain the different concepts being considered for the Hwy 169/Hwy 22 and Hwy 169/Hwy 99 intersections. Attendees will be able to type questions in the live chat for staff to answer at the end of the presentation.

Those unable to attend the live online meeting can access a recording with transcript and contacts for providing feedback on the project website (www.mndot.gov/d7/projects/hwy169-22-99/).

Community input, along with continued conversations with St. Peter city staff and city council, will be taken into consideration as MnDOT arrives at a final design layout.

To request an ASL or foreign language interpreter, or other reasonable accommodation, call Janet Miller at 651-366-4720 or 1-800-657-3774 (Greater Minnesota); 711 or 1-800-627-3529 (Minnesota Relay). Alternatively, send an email to janet.rae.miller@state.mn.us.

For updated road condition information, call 511 or visit www.511mn.org.”

DOG WASTE PICKUP - Dog owners are required to clean up dog waste on the property of other’s and it’s important to also pick it up at your own home because it’s a source of water pollution. Minnesotans pride ourselves on having 10,000 lakes. Those lakes aren’t much of a draw if they are polluted and that’s where all pet owners come in.

According to the State of Minnesota, “Pet waste left uncollected is unsanitary and disagreeable for users. It contains pathogenic bacteria and other parasites. When pet waste is washed into our lakes and rivers it decays in the water, depleting oxygen levels and releasing ammonia, which can be harmful to fish and other aquatic organisms. Pet waste also contains nutrients that foster weed and algae growth. Elevated bacteria levels in lakes and rivers caused by Escherichia coli (E. coli) can cause unsafe conditions for swimming and recreational activities. Pet waste management results in cleaner parks and neighborhoods, with improved aesthetics and lower potential for diseases to spread. Reducing the amount of uncollected pet waste reduces a significant cause of stormwater pollution.”

So, if you are a pet owner, please make sure to pick up after your pet both on walks and at home. It’s the right thing to do.

CAT LICENSES – New and renewal cat licenses are now available for purchase. Cats (and dogs) old enough to receive a rabies vaccination are required to be licensed by the City. Cat licenses are due on or before April 30, 2020 and costs are as follows:

<table>
<thead>
<tr>
<th>Status</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spayed/Neutered</td>
<td>$5</td>
</tr>
<tr>
<td>Unaltered</td>
<td>$25</td>
</tr>
<tr>
<td>After April 30th Penalty</td>
<td>$5 (in addition to license fee)</td>
</tr>
</tbody>
</table>

To apply for or renew a pet’s license, owners must provide a current rabies vaccination certificate signed by a licensed Veterinarian. Licenses are available from the Community Development Department at City Hall (227 South Front Street). Because the building is closed, pet owners should contact the office (934-0661) for further directions on how to complete the licensing process.

Even though this is not the dog licensing year, dog owners are also required to license the animal as soon as it is old enough to be vaccinated for rabies. Costs are the same as the license fees for cats.

For additional pet licensing questions, please call the Community Development Department at 934-0661 or by email at cindym@saintpetermn.gov.
HELP WANTED – The City is now accepting applications for the following positions:

- POLICE COMMUNICATION TECHNICIAN - The Saint Peter Civil Service Commission is currently accepting applications for the positions of a full-time and part-time Police Communications Technician. Responsibilities involve assisting the public in person and by phone, dispatching emergencies, record processing, computer entry and other related assignments. MINIMUM QUALIFICATIONS: High school degree or equivalent; Possession or eligible to receive a Class D Minnesota Driver’s license; Skill and ability to receive State Certification on NCIC file operation; Excellent verbal and written communication skills; Ability to receive First Responder Certification. DESIRABLE QUALIFICATIONS: Knowledge and experience in data entry, use of office equipment and office procedures; Experience working with the public; Knowledge of law enforcement procedures; Experience in the operation of radio equipment; Experience in working in law enforcement or working with difficult individuals; Experience as a Dispatcher, Jailer or other law enforcement position. Hours of work are 12-hour shifts, which include nights, weekends and holidays. The starting salary has been set at $22.44 per hour. Applicants must successfully complete recruitment procedures as required by the Saint Peter Police Civil Service Commission. Applications may be obtained by phone (507) 931-1550, or in person, and must be submitted along with a resume and cover letter, to the Saint Peter Police Department, 207 South Front Street, Minnesota 56082 by no later than April 17, 2020. Faxed, emailed and/or late applications will not be accepted. **NOTE: The successful candidates for this position will be required to successfully complete and pass a pre-employment drug test. The position is also subject to post-accident, random, reasonable suspicion, return to duty, and follow-up drug and alcohol testing required by USDOT 49 CFR Part 655 (Federal Transit Administration) and USDOT 49 CFR Part 40. In addition, successful candidates for this position must have a vehicle driving record which is clear of revocations, suspensions and cancellations for the past three (3) years. Applicants may be required to submit to a criminal background check and be clear of convictions for crimes or anticipatory crimes (as defined in M.S. 609.17 and 609.175) within the previous fifteen (15) years. AA/EEO.

- RECREATION SEASONAL POSITIONS – Recruitment for two of the Recreation and Leisure Services positions has been reopened. Applications for Recreation Coordinator ($11.25/hour) and Recreation Leader ($10.00/hour) will be accepted by the City Administrator’s Office until 5:00 p.m. on April 9, 2020. Faxed, emailed, and/or late applications will not be accepted. More detailed information on each of these positions is available on the City’s website at www.saintpetermn.gov.

- PART-TIME BUS DRIVERS - for the Minnesota River Valley Transit system. This position will work varied shifts including day, nights and occasional weekends. Positions in both Saint Peter and Le Sueur available. Successful candidates for this position must have, at a minimum, a High school diploma or equivalent and a valid State of Minnesota CDL minimum of Class C Driver’s License with passenger endorsement. Candidates will have thirty (30) days from the date of employment to obtain the required driver’s license and the City will help the new employee train for the license test. Candidates who possess the following desired experience or education will qualify for additional points towards an interview: previous experience working with the public; training in vehicle mechanics; experience operating a two-way radio/phone; and prior bus driving experience. Starting wage $16.72 per hour. Applicants are required to complete a City application form which is available in the City Administrator’s office at 227 South Front Street or by calling (507) 934-0663. Completed applications must be received by the City Administrator’s office by 5:00 p.m. April 9, 2020. Faxed and/or late applications will not be accepted. **NOTE: The successful candidates for this position will be required to successfully complete and pass a pre-employment drug test. The position is also subject to post-accident, random, reasonable suspicion, return to duty, and follow-up drug and alcohol testing required by USDOT 49 CFR Part 655 (Federal Transit Administration) and USDOT 49 CFR Part 40. In addition, successful candidates for this position must have a vehicle driving record which is clear of revocations, suspensions and cancellations for the past three (3) years. Applicants may be required to submit to a criminal background check and be clear of convictions for crimes or anticipatory crimes (as defined in M.S. 609.17 and 609.175) within the previous fifteen (15) years. AA/EEO.

- LINEWORKER ASSISTANT – SEASONAL INTERN (MAY-AUGUST) - The City of Saint Peter Public Works is seeking a future student, current student, or recent graduate of a Powerline/Electrical Lineworker program for seasonal employment. The Lineworker Assistant will gain valuable on-the-job experience and knowledge of a working electrical distribution system. A safe working environment and all required personal protective equipment will be provided. The Lineworker Assistant will assist the Journeymen Linemen.
with the operation, maintenance, and construction of our 13.8kV underground electric distribution system. Experience may be gained in the operation of an aerial lifting device, digger-derrick, trencher, skid steer, and various other equipment used to install underground electrical cable. The City of Saint Peter also owns a 12MW generation facility and operates as needed. Additional summer projects include AMI meter installation and GIS data collection of the City’s electrical system. Qualifications for this position include Future student, current student, or recent graduate of a Powerline/Electrical Lineworker program or closely related field; Ability to work outdoors for up to 10 hours per day; valid Minnesota Driver’s License; Minimum of 18 years old. $14.00 per hour. For this position City applications are not required. Resumes and school transcripts will be accepted until position is filled or May 30, 2020. Interested students must submit a resume and school transcripts, to barbaral@saintpetermn.gov or by mail to City Administrator’s Office, 227 South Front Street, Saint Peter MN 56082. Applicants will be subject to background investigation and drug/alcohol testing prior to employment.

CITY MEETING CALENDAR – This calendar is subject to change. Should you have a question on a meeting date/time, please contact the City Administrator’s Office at 934-0663. ***PLEASE NOTE…Until further notice, all City meetings are being conducted electronically as authorized under Minnesota Statutes 13D.021. Log-in information for each meeting is included at the bottom of the agenda page. Agendas are all posted on the City’s website at www.saintpetermn.gov.
